PDF Letters and Mailings

A screenshot of a software application window titled "PDF Letters and Mailings". The window has a toolbar at the top with various icons for bold, italic, underline, font selection, size, alignment, and other document functions. Below the toolbar is a menu bar with "Source", a magnifying glass icon, and a question mark icon. The main content area contains a template for a PDF letter:

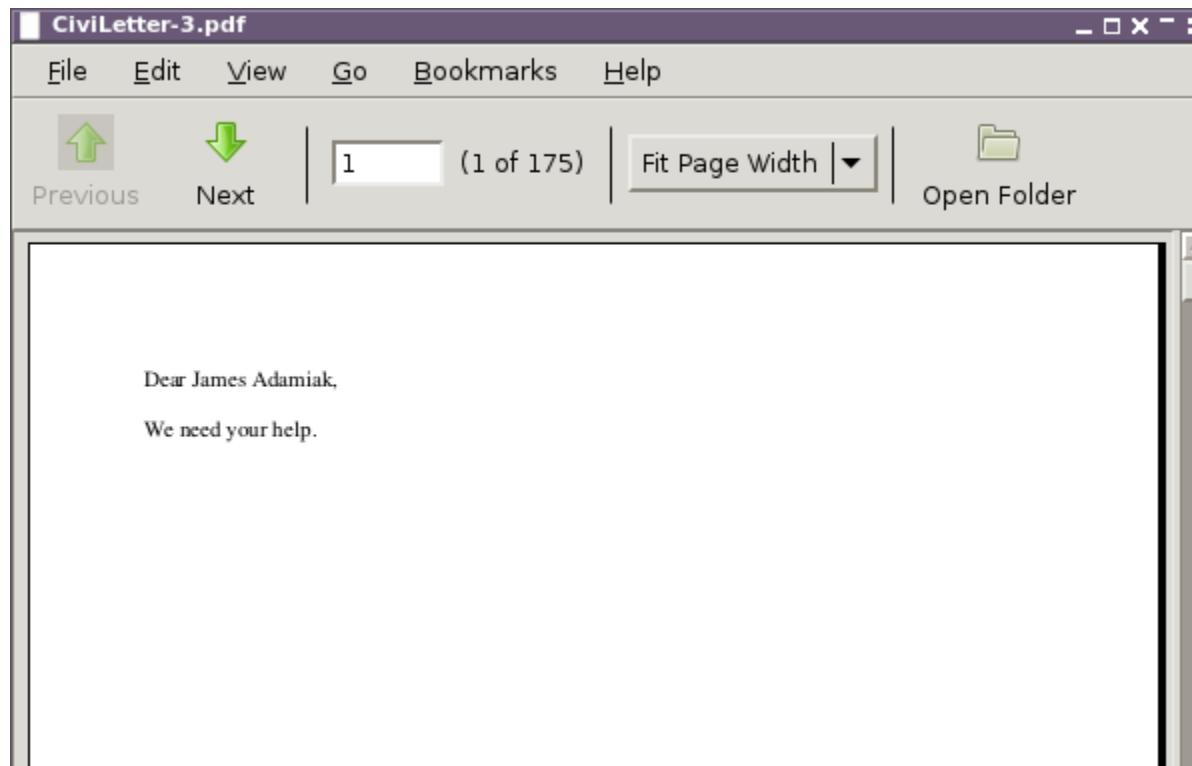

```
Dear {contact.first_name}{contact.last_name},  
We need your help with our current campaign.]
```

The text "body p" is visible at the bottom left of the content area. At the bottom of the window, there is a checkbox labeled "Save As New Template" and two buttons: "Make PDF Letters" and "Cancel". A cursor arrow points towards the "Make PDF Letters" button.
